

OUR
GROUP

MISSION STATEMENT

Unbloc Drainage Engineers
and Drain Services Ltd.
remains strongly
committed to its
responsibilities to the
communities within which
it operates and to the
environmental
consequences of its
activities. We believe that
this commitment
enhances our prospects of
successfully achieving our
business objectives.

OUR
GROUP

VALUES

There are six values that all employees – everyone from new starters, drainage operatives, office support staff, and all levels of line management – are expected to demonstrate:

1

WORKING TOGETHER

We keep our teams safe and deliver our services safely and on time. We collaborate, share ideas, and integrate a diverse range of perspectives to improve ourselves and others.

2

RESPECT & DIGNITY

We value every employee—whether long-term experienced or new starters—as an individual and respect their opinions, individual needs, abilities, and limits.

3

IMPROVING STANDARDS

We strive to improve and develop individual knowledge by training, guiding, and mentoring our teams as required.

4

MAKING A DIFFERENCE

We stay informed and respond with agility to the ever-changing business environment in which we operate—always looking to create a positive impact on our colleagues, clients, and society.

5

EVERYONE COUNTS

We maximise our resources for the benefit of the whole company, and make sure nobody is excluded, discriminated against, or left behind.

6

ACT WITH INTEGRITY

We expect and deliver the highest quality outcomes, speak up for what's right, even in difficult situations, and make decisions as if our personal reputation is at stake.
